JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, NOVEMBER 10, 1869.

KEEPING THE PEACE.

The idea seems to prevail with the Governor that he must do nothing but "keep the peace," except, now and then to make "treasonable odious." From first to last his mission seems mainly to have been to "keep the peace." Men in disguise rode the streets of Graham and groaned before the door of Mr. Henry Badham, an old secessionist; subsequently, men in disguise whipped a negro who had assaulted a respectable lady of Alamance county with intent to commit a rape; the Governor, to "keep the peace," three weeks after these occurrences, sent up armed militia, commanded by one of his detectives. The militia attended a cock fight and then returned, with headaches and red faces.

Jones, Lenoir, Green, Craven and Pitt counties, for two years, had been the scene of the most diabolical murders; the men, women and children murdered were Democrats; they were murdered, for the most part, by members of a secret political society. Col. Nethercut was murdered at night, when he and his family were about engaging in family prayers; the whole Pescue family were murdered, five in number, including man, women and child. Old Mr Briley, of Pitt, was most inhumanly murdered, in his own house, by members of Gov. Holden's secret societies, known as Leagues. In Craven county, a citizen was robbed in broad day light, taken to the woods and bound fast to a tree until the robbers could escape. These malefactors, for the most part, belonged to secret societies, of which the Governor was grand President.

Carpet bag adventurers ruled in these counties through the agency of secret societies, where they taught the blacks hostility to the white race. In one county, a dozen members of the League gave a black man 300 lashes for voting for a white man who was a democrat. When they were indicted, convicted, and sentenced to jail, the Governor pardoned them all, he being President of the League. Thomas, the league Judge, who sentenced them, declared it was a shame so to use and prostitute the pardoning power. Pray, which of the acts here enumerated, called most loudly for military interference? Groaning in the streets before the house of a renegade secessionist, or the murder of Brily Nethercut and the Pescue family?

For more than two years, the Eastern counties were the scene of the most diabolical murders, robberies arsons, and rapes, committed for the most part by members of a secret society. These crimes and this secret society naturally begot another secret society; called Ku Klux. They retaliated, they hung and shot members of the League, and ,this aroused the ire of the President of the League, who happened also to be the Governor.

The first Napoleon "kept the peace" in France just as our Governor keeps it in North Carolina, only on a more magnificent scale. Napoleon's great detective boasted that no four men in France could "lay plans" that he would not have an "eye or ear, to see or to hear them."

The Governor has his spies in the mountains, on the sea shore, at Chapel Hill and at the Capital. The night after his son and the Leagues had attempted to Ku Klux us, when less than a dozen gentlemen were assembled in our office to see what effect Ku Kluxing by the Leagues had upon our nervous system, the Governor had an ear upon us—his detective sat upon the door steps, but he heard nothing that was not loyal!

The Governor is so busy "keeping the peace," he can't give an ear or an eye to anything else. As soon as a grand swindle is put on foot he goes to "keeping the peace." North Carolina 8 per cent Railroad bonds are sold for 65, which should have brought 100; not one word from the Governor; he is "keeping the peace" by sending militia to Alamance county. The State is swindled out of 100,000 dollars by the Deep River Manufacturing Company in the location of a Penitentiary on Deep River; not a word from the Governor, he is "keeping the peace," by sending militia to Jones.

The State is to be swindled by the lease of the North Carolina Railroad twenty years, for $240,000 a year, which is one hundred and forty six thousand eight hundred and eighty four dollars and 33 cts less than the Road made last year, after paying all expense; while this is going on the Governor is "keeping the peace" by proclaiming Orange, Chatham, Jones and Lenoir in a state of insurrection, and United States troops have been marched to Chapel Hill to put down an insurrection that never existed!

These gigantic swindles have been perpetrated, and the Governor has "kept the peace," and held his peace! Not a word has he uttered in reprobation of them.—The whole State stands amazed at the marvelous manner of the Governor's "keeping peace!" Pray, what use for a Governor, if he cannot see, prevent, overhaul, or cry out against such plain, palpable frauds, committed in broad day light upon a conquered, and impoverished people!

The lease of the North Carolina Railroad, and the other business of the "Ring," can't go on, Governor, if you quit "keeping the peace," only break peace once, utter one word, cry "shame" but once, and the work of the Ring is done. Your long continued, devoted, and heroic silence has not won for you the title of "Master of the Ring," but you deserve it, and history will write you down as the main spring of the Ring. Your silence amid gigantic frauds, wins for you this appellation, "Main Spring of the Ring!"

THAT LEASE.

The President of the North Carolina Railroad, who is the champion of the lease, after promising six per cent to the Stockholders, or, in default thereof, to forfeit his ears, despairing of the six *per cent*, or his ability to make it, has agreed to turn the Road over to Dr. Hawkins by way of saving his ears.

Under this lease, Major Smith will lose his ears, for there will be no six *per cent* for Stockholders. In his letter of the 29th, Major Smith asks, "What did Mr. Turner do with the three hundred and sixteen thousand dollars which he claims as the nett profits during the year he controled the Road?" The question is easily answered; it was applied to the payment of the debts of the Company. We might ask, what did Major Smith do with the $396,884,33 which he claims as nett profits of the Road for last year? We know what he did with it; he applied it to the debts of the Company. The receipts of the present will be greater than last year; the receipts, we mean nett receipts, after defraying all expenses, will be largely over $400,000; yet the President is willing to lease to the Raleigh and Gaston Road for $240,000!—What will be the receipts of the Road twenty years from to day? It is reasonable to calculate that they will be ten times as great as at present; yet the Raleigh and Gaston pays only $240,000. The receipts of the Road for last year are eleven times greater than they were fourteen years ago. Allow the ratio of increase in receipts for the next fourteen years to be the same as the last fourteen, and they will be four millions of dollars, for which the Raleigh and Gaston Road will pay two hundred and forty thousand dollars!

This is the lease—the trade, which Stockholders are called upon to consummate on Thursday the 11th! Gen. Laflin, the State's proxy, as we honestly believe, has been removed by the Governor in order to facilitate and make sure this most unreasonable and indefensible bargain; a bargain made hurriedly, secretly, and without advertising. It is a "Ring" transaction, the true solution of which will one day come to light, and then it will be discovered that certain men have made fortunes by the lease.

MOB LAW.

We publish to-day, a letter of Thomas Green, a respectable colored man of Hillsboro', who recounts the manner of his being forced to leave this City. Will the Governor require into this act of violence and lawlessness against a humble but respectable citizen, who is driven by violence from the City and from his work? Will he call out the militia? Not he! Will he approve of mobbing Tom Green? He can do so with great consistency, for he approved publicly of the act of the last mob that disgraced the City.

We learn from the Asheville *Pioneer*, that Dr. H. T. F. Gatchell, late of Kenosha, Wisconsin, has leased the Foster property at the South end of Asheville, and will open a Sanatarium for the treatment of patients suffering from chronic diseases.

The establishment will be fitted up with all the modern improvements, and will be kept in the best style, making it one of the most agreeable resorts for invalids to be found in the country. This is a step in the right direction. Such an institution is a desideratum long needed in this fair land of ours. Our pure air and limpid water have long been favorably known to possess the life-giving properties sought after by the invalids of other less favored regions; and we are glad to be able to chronicle the fact that the demand for such an institution has at length been met, and that it has been inaugurated by Dr. Gatchell, who comes to our section with the highest recommendations of personal integrity of character and professional skill, and we take great pleasure in commending him to the confidence of our community.

Is it true that during the late meeting of the Stockholders of the Western Division of the W. N. C. R. R., when Littlefield, of New York, was elected President, Mr. Swepson, the former President, received a letter from Gov. Holden, in which he said the road *must be run in the interests of the Radical party?* It looks very much like it, and the few *heretofore* Conservatives who are allowed seats in the Directorship must be numbered among the endorsers of that policy, if they do not openly deny having voted for Littlefield. As the meeting was held with closed doors, we have reason to believe that all the Conservative members went over to the Radical party in the election of Littlefield as a Director and afterwards as President. Until they deny it they cannot escape the odium, *if they wish to.*—*Asheville News.*

FUNDING THE DEBT.—A special Washington dispatch, printed in the Philadelphia *Press* of Saturday, says:

Secretary Boutwell has not definitely concluded what rate of interest to recommend in the funding the public debt, but will probably decide upon four per cent.—He will also recommend the arrangement of facilities in London, Frankfort, Hamburg and other European cities, for the payment of the interest that may accrue on the new loan. He feels confident that this loan will be taken promptly by European capitalists at four per cent.

A dumb-waiter has just been constructed and arranged, near the main stairway, inside the east front of the Treasury building. It will carry about a ton in weight, and will be used in elevating packages, &c., from one floor to another, from the cellar to the top of the building. Racks have been placed along each side, in which springs, projecting from the platform of the waiter, work so that in case the wire rope should break, the platform could not fall an inch.

From the Charlotte Democrat.

A., TENN. & O. RAILROAD.

We have heard the rumor several times repeated recently, that the Road bed, &c., from this city to Statesville, had been sold by the President of the Road to certain parties, or that arrangements are in progress for doing so. We think there is good foundation for the rumor.

The State has recently issued to the Road $2,000,000 in State Bonds.

The Company holds $20,000 of City of Charlotte Bonds, and although the legality of those bonds is denied, we think it is a matter requiring the immediate attention of our city authorities whether they will permit the transfer of said bonds to be made as part of the property of the Road, without a protest or legal action.

We have not sufficient authority to say to whom the Road has been or is to be sold, but we know that propositions have been made and considered.

The important question now is, If the Road is sold is there any probability of its ever being put in running order from here to Statesville? We fear not. And if the road is not rebuilt, what account is the mortgage which the State holds for the issue of $2,000,000 in bonds? Ought not Gov. Holden to take steps to protect the State's interest?

This article is not intended to assail the parties to the transaction, for we must have more information before being justified in that course. But as a public journalist, as a citizen and as a taxpayer, it is our duty to allude to the matter and direct the attention of the people here and elsewhere to it.

City, County and State tax-payers have funds invested in the Road and rights to protect as well as the private Stockholders. The business men of Charlotte and Statesville and the farmers along the line of the Road are particularly interested.

While on the subject, we will repeat a remark we made a few weeks ago, viz: that work on the Road ought to have been commenced long ago, for the Company had considerable funds in hand, (independent of the State appropriation) sufficient to put the Road in running order half way to Statesville. [We make this assertion notwithstanding the late published letter of the President of the Road.] For the reason that the Legislature had authorized a loan to the Road of $2,000,000 in State Bonds, we opposed last Spring a subscription to the work on the part of the City of Charlotte as entirely unnecessary. We are now more than satisfied that we did right in opposing a City subscription, and our citizens did exactly right in voting it down, because it was not necessary to secure the building of the Road to Statesville; and further, because the President had available means without a City subscription.

SPEECH OF GOV. HOFFMAN OF NEW YORK.—*What he promises from the Democratic Victory.*—In a speech on Friday night, at Albany, N. Y., Gov. Hoffman answered the queries of radicals as to what the democrats designed to do with victory, saying:

We propose to give them some information as to what we will do with it. In my observations I have found that knowledge suddenly acquired is never very profitable; but I will tell them, in general terms, one or two things we propose to do:

We propose to make the Legislature of the State of New York honest, and that is what they have not done in some time. We propose to use the Legislature for the purpose of promoting the interests of the mass of the people, and not the interests of the few, which Radicals have not done in a long time.

The Evening *Journal* has stated that for many years there have been few men in the Republican Legislatures who could be bought.

We will show them that in a Democratic Legislature there will be none of that kind.

We propose to give to the people of the State of New York, all over, the right of self government.

We propose to abolish such laws as infringe upon the rights of localities and secure to them the right to govern themselves.

We will not abolish such laws and give the people something worse; but we will give them better laws.

We propose to make the State of New York and the government in all its branches thoroughly democratic.

I am aware of the responsibilities this victory imposes. I am aware of the responsibilities it imposes on me as the Executive of this State. I realize their magnitude, and I will not say that I have no fear of them; but by the help of the people and their representatives, and all the good counsel I can get, I hope in my sphere to so discharge its duties that the people will approve my action.

I believe that the Legislature which is about to assemble and legislate upon the affairs of this great State will act with such wisdom and discretion as to shew to the people of the State and the country that the democracy of the State can be as moderate in the hour of victory as they have been patient in the hour of defeat. We will be discreet and tolerant; we will recognize honest men among our adversaries; and we will deal justly, act honorably, and promote the great interests of the people of the State of New York, who have demanded and worked a change.

RETALIATION IN CUBA—A DESPERATE RESOLVE.—A letter from Havana (Oct. 30) says:

The Cuban patriots, have bided their time during all the months of continual rain and well-nigh impassable roads, are about to strike the first telling, crushing, and overwhelming blow of this war.

President Cespedes has issued a proclamation decreeing the destruction of every stalk of sugar cane on the island. It is rapidly ripening now. The order for burning it as fast as it will ignite, of trampling upon it, of ruining the crop, have been made. The machinery of the sugar mills must either be disabled beyond easy repair or entirely destroyed. The tens of thousands of liberated slaves are already at the institutory work. With the *machete* and torch, you can imagine thousands of half-nude darky forms gliding among the cane fields and with their burning pine knots fluttering around the sugar mills and slave huts of the plantations. They will make merry of the work of ruin, and do it most thoroughly.

Full three-fourths of the sugar crop and two-thirds or one-half of the tobacco crop will be destroyed. The Cuban government promises reimbursement to loyal Cubans at the end of the war.

This terrible weapon of warfare will stagger the grasping, illiberal Spaniard.—By it the revenue of Cuba will be so belittled as not to pay the expenses of the horde of salaried collectors sent here to grow rich off the island, and finding no returns and another year of fruitless war, with its burdening and constantly increasing expenses, for what must Spain fight? Let the torch flame and these sugar fields of Cuba become the funeral pyre of Spanish rule in America. Spain well deserves it.

Some conscience-stricken wretch has sent two large packages of gold leaf to Treasurer Spinner, accompanied with the declaration that it belongs to the Government. Singular to say, he signs himself "A Lover of Jesus."

For the Sentinel.

HILLSBORO, Nov. 8th 1869.

MR. EDITOR:—For two months past I have been at work as a carpenter with Mr. Briggs of your city. I have been frequently cursed and insulted on the streets, cursed as a "d——d Democrat, who sold the Holden *Record*." I did sell the *Record* and was paid for doing so by Mr. Helper, a Union man and Republican.

On Thursday night, 4th inst., when Mr. Jordan Womble's store was on fire, seeing some of the colored firemen stop work, and supposing they were tired, I took hold to assist in extinguishing the fire. A colored man whose name I do not know, came up with a bugle in his hand and seized me by the collar, cursing me as a "Democrat," and threatening to hang me. A crowd of colored men assisted, and they pulled and dragged me some hundred yards, swearing they intended to hang me. A police officer came to my rescue; he was very slow to interfere, and did not do so until after a colored man had spoken in my behalf to this colored fire company, who had turned themselves into a mob. They charged me with saying they would not work to put out the fire, because Mr. Womble was a Democrat. I did not even know Mr. Womble's politics, and said no such thing.

It was only an excuse; they wanted to mob one of their color who did not agree with them in politics. My friends advised me to give up my engagement with Mr Briggs, and I have to do so. I was charged, too, by the fire company mob with being a "Ku Klux"—but they are the only Ku Klux I ever saw.

I shall be obliged if you will publish this account of an outrage committed upon one, who gave the mob no sort of excuse for what they did.

Respectfully yours

THOMAS GREEN.

SINGULAR REQUEST OF A CONDEMNED MURDERER.—Pike, who is to be hanged at Concord, New Hampshire, on Thursday, for murder, makes a request, which will probably be granted, that a quartette of young ladies in Concord, who have often sung to him and other prisoners, be allowed to remain in his cell after he passes out for the last time and sing while preparations to launch him into eternity are being concluded; that is after the cap is drawn over his face, while the straps and ropes are being adjusted. He also requests that no relatives of his victims shall be admitted to witness his death.

The piers are so constructed that water pours through them with little resistance; and each pier is provided with a staircase, up which, should vessels run foul of them, the crew could run and go home by train.

An agent is now in London completing the engagement with him, and he is to come right away. It is not known that he will star it in the provinces as yet. NEW ADS.—Marcom and Alford have another lot of those superior sugar cured hams, and a quantity of various grades of flour.

Dissolution and new firm in the Drug business, noticed elsewhere.

Mare Stolen from near Morrisville.

We will notice the rest of our new adds to morrow—hav'nt space to day.

TUCKER HALL.—Last evening Ford's Theatrical corps gave another of their agreeable and charming entertainments at this Hall. The very amusing comedy, "Everybody's Friend," was capitally rendered in every particular. Mr. Ryan, as "Maj. Wellington De Boots," sustained fully his high reputation as an actor of distinction and merit, being ably supported by the Misses Hawthorne and Eldridge in their respective characters of "Mrs. Swansdown" and "Mrs. Featherly." The concluding Farce, the "Irish Tutor" was laughable in the extreme and its rendition pronounced admirable by all present.

See the announcement for this evening in another column.

DISSOLUTION—NEW FIRM.—By a notice in our advertising columns, it will be seen that the firm of P. F. Pescud & Son, has been dissolved, by the withdrawal of the senior partner, and a new firm consisting of Messrs. Jno. S. Pescud, of the late firm, Addison S. Lee, for several years chief Clerk in the Drug Store of Messrs. Williams and Haywood, and Dr. Eugene Grissom, Superintendent Insane Asylum, has been formed.

P. F. Pescud, Esq., so long and so favorably known as a Druggist and Apothecary in this city, carries with him in his retirement from the business, the good wishes and high respect of thousands of former customers and the public generally. He will devote his entire attention to his life and fire insurance business. See his card.

The new firm places its claims before the public with every element and promise of success. The two active partners, Messrs. Pescud and Lee, are thoroughly acquainted with the business in all its branches, and are young men worthy of that high esteem and public confidence they so richly enjoy. As to Dr. Grissom, it is almost unnecessary to say, his theoretical and practical knowledge of his profession and his urbane and courteous manner, will continue to secure to him, in this new enterprise, the confidence he has heretofore won and enjoyed.

MELANCHOLY INTELLIGENCE.—A telegraphic dispatch was received in this city, yesterday evening, announcing the death of Wm. A. Jenkins, Esq., of Warrenton, which took place in Halifax on yesterday at 3 o'clock, P. M. Mr. Jenkins was in Halifax attending the Superior Court, which is in session there this week, from which fact we infer his death was sudden, or after a very brief illness.

ANOTHER COUNTY MOVING.—We notice in the Charlotte *Democrat*, a call for a meeting of the farmers and other citizens of Mecklenburg county, to be held in Charlotte on the 23rd of this month, for the purpose of organizing a County Agricultural Society, and to take initiatory steps for a Fair next autumn. We hail with pleasure this good move on the part of our Mecklenburg neighbors, and wish them full success. The example is a good one to be followed by other counties, or combination of counties, throughout the State.

It Astounds Everybody That A Colorless, cloudless fluid, like Spring water, should revive the original tint in white, grey or grizzled hair. Yet so it is. PHALON'S VITALIA OR SALVATION FOR THE HAIR is just such a fluid, as limpid and as stainless,—yet it far excels every other dye or coloring liquid ever known, in imparting rich shades of color to grey hair.

We have received from Adjutant General Fisher, a copy of the act of the General Assembly, in regard to the organization and employment of detailed militia; but have been too closely employed to look into it. We shall refer to the act and matters connected with it, perhaps, to morrow.

Mr. Wilson, of Gaston county, made, this year, 125 gallons of syrup from the cane raised on one fourth acre of ground.

Mr. Richard Rozzell made 120 gallons of syrup and 200 gallons of vinegar from cane raised on one acre.

SOUTH MILLS, CAMDEN CO., N. C.
Nov. 2nd, 1869.

SEATON GALES, Esq: Sec. N. C. Home In. Co. SIR:—I herewith enclose a receipt for the Treasurer of your Company for $1 900, in payment of the loss which I sustained, on the night of the 9th ult. by the destruction of my Mill Ditch Barn and implements insured in your Company, by Policy No. 488.

I desire to thank the Company for its prompt and faithful action in this matter, and to make the following statement, for the benefit of the public:

My application for Insurance in your Company was made on the 1st of October. The Policy was issued on the 5th, and was handed to me, by your Agent here, Mr. A. P. Cherry, on the morning of the 9th.—That very night, my Barn and Implements were destroyed by fire, the work of an incendiary. Your Assistant Secretary arrived here on the 15th and thoroughly investigated the loss, and to-day, (notwithstanding the fact that, under your Policy and Charter, you are allowed ninety days time within which to settle for losses) I am in receipt of the full amount of my insurance.

Such fidelity and promptness deserve all commendation and I take pleasure in bearing this testimony to the reliability of the N. C. Home.

I am Sir
Very Respectfully,
FRANCIS M. MULLEN.

Constitution for clubs, debating societies, by Jas. N. McElligott. LL. D., 360 pp. 12mo $2.00.

COLLINS' NO NAME. No Name. A Novel. By Wilkie Collins. Illustrated by John McLenan. Cloth $2.00.

Mr. Wilkie Collins deserves the highest praise for the skillful manner in which he has told a story which is of absorbing interest. We defy any person who has commenced to read the novel to part from it without regret until he has reached the last page.

COLLIN'S WOMAN IN WHITE; The Woman in White. By Wilkie Collins, Author of "The Queen of Hearts," "Antonina," &c., &c. Illustrated by John McLenan, $2.00.

Of all the living writers of English fiction no one better understands the art of story-telling than Wilkie Collins. He has a faculty of coloring the mystery of a plot, exciting terror, pity, curiosity, and other passions, such as belong to few if any of his *confreres*, however much they may excel him in other respects. His style, too, is singularly appropriate—less forced and artificial than the average modern novelists.

All of the above may be had at the N. C. Bookstore, next to Capitol square.

THE NATIONAL LABOR CONVENTION.

Pursuant to a call previously issued, a meeting was had in the Court House on Monday evening, Nov. 8th, 1869.

The meeting was called to order by Mr. J. H. Harris.

Handy Locket, Esq., was called to the Chair, and John J. Sawyer elected Secretary.

Mr. Harris was called upon who came forward and explained the object of the meeting, pressing upon the colored mechanics and laborers the vast necessity and importance of their speedy organization, alluding briefly to the present condition of the colored people of the South, and urging the expediency of the representation of the interests of the working classes of the South in the National Convention to be holden at Washington, on the first Monday of December next.

The call for the Convention was read by the Secretary, when Mr. Harris introduced the following resolutions which were unanimously adopted:

Resolved, That we heartily endorse the call for a National Labor Couvention of the colored men of the United States, to meet in the City of Washington, D. C., on the first Monday in December, 1869.

Resolved, That in our judgment the interests of the entire laboring classes of the country demand that the colored labor of the entire country should be thoroughly organized.

Resolved, That it is with great pleasure that we endorse the action of the National Labor Convention which met in Philadelphia August 16th, 1869, which was composed of white men, yet admitted colored delegates to seats; very justly making merit a qualification, instead of color.

On motion a committee was appointed to recommend the number of delegates necessary to represent the interest of the working men of the city of Raleigh in the National Convention. The committee reported that in their opinion two delegates were sufficient.

The report of the Committee was unanimously adopted, when Hon. J. H. Harris and Stewart Ellison, Esq., were unanimously elected as delegates to the National Convention.

Appropriate speeches were made by G. W. Brodie, J. R. Caswell and others.

On motion the proceedings of the meeting were ordered to be published in the Raleigh daily papers.

On motion the meeting adjourned.

HANDY LOCKET, *President*.
J. J. SAWYER, *Secretary*.

THE KU KLUX CASE.—The Ku Klux case, in which is involved so many of the citizens of Lenoir County, comes up before the Superior Court, at Kinston, to-day.—The probabilities now are that the trial will not take place at this term, but that the State will request that the case be removed to another county—Wayne or Craven perhaps.—*Jour. SCHOOL BOOKS.

UNIFORM SYSTEM OF

TEXT-BOOKS

FOR NORTH CAROLINA.

Office Publishers' Sup't of Introduction.

RALEIGH, N. C., Sept. 21, 1869.

A DEPOSITORY has been established at Raleigh, in charge of Mr. Alfred Williams, for the following books, which were adopted Aug. 9th, 1869, by the State Board of North Carolina for uniform use in the Public Schools:

PARKER & WATSON'S NATIONAL PRIMER.
PARKER & WATSON'S NATIONAL SPELLERS.
PARKER & WATSON'S NATIONAL READERS.
DAVIES' ARITHMETICS.
MONTEITH & MCNALLY'S GEOGRAPHIES.
MONTEITH'S YOUTH'S HISTORY OF THE U. S.
REED'S SYSTEM OF PENMANSHIP.

THE NEW DESCRIPTIVE GEOGRAPHY OF NORTH CAROLINA will be ready about the middle of October next. The maps, &c., are now being engraved as rapidly as possible. This work will be furnished with Monteith & McNally's Series, without extra charge.

PROF. JUDSON ALLEN'S COMPLETE SYSTEM OF MAP DRAWING will also be furnished to the Public schools with Monteith & McNally's Series without extra charge.

The Books will be supplied at exceedingly low rates to the Public Schools in the State.

Similar terms will be made accessible to private schools adopting the above named books uniformly.

Pupils attending the Public Schools will, in accordance with the state contract, be furnished with new copies of Monteith & McNally's Geographies and Davies' Arithmetics in exchange for old copies of Cornell's Geographies and Quackenbos' Arithmetics, which they may possess.

Books will be supplied, carefully packed and shipped, by

ALFRED WILLIAMS,

Depositary, Raleigh, N. C.

Teachers and Educators generally are respectfully invited to correspond with

C. W. LAMBETH,

Agent for the Publishers and Sup't of Introduction.

From Dr. WM. B. HARRELL, Prin. High School Snow Hill, N. C.:

SNOW HILL, N. C.

"I am much pleased with both the Spellers and all the Readers; and as to the series of Geographies by Monteith & McNally, I have long used no other when these could be obtained.

From Rev. ALBERT SMEDES, D. D., Rector of St Mary's School, Raleigh, N. C.

RALEIGH, N. C.

I have examined the Geographies Monteith's [No. 4] and McNally's [No. 5] and find excellencies in both, which eminently entitle them to a wide circulation. It is my purpose to introduce Monteith's [No. 4] into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works seem to me to be admirable. ALBERT SMEDES.

From J. W. GULICK, A. M., Prin. Male Academy, Goldsboro', N. C.:

GOLDSBORO', N. C.

I find your books are in use in many Schools in this section. The teachers speak in the highest terms of your Readers and Geographies, and of Peck's Ganot in particular. J. W. GULICK.

From Col. WM. BINGHAM, Prin. Bingham School, N. C.

The introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so simple and intelligible, makes it (Monteith's Intermediate Geography) in my judgment, a charming school book.

"We shall introduce Davies' Bourdon, perhaps others of your books."

From Dr. CLOSS, Prin. Durham Academy, N. C.:

DURHAM, N. C.

I design introducing the present session McNally's Geography and Davies' University Arithmetic; also Boyd's Elements of English Composition. M. CLOSS.

From M. L. LITTLE, Esq., Prin. Pleasant Hill Seminary, Newton, N. C.

NEWTON N. C.

Will introduce the University Arithmetic next term. Have examined it with much satisfaction. An admirable work M. L. LITTLE,

Prin. Pleasant Hill Seminary.

From Rev. S. IVEY, Prin Auburn Academy N. C.:

AUBURN, N. C.

Monteith's Geographies are excellent works, and I shall introduce them into my school.

STINCEON IVEY.

Prof. WM. A. OBERCHAIN, writing from Hillsboro' Military Academy, says:

The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.

From J. E. DUGGER, Esq., Prin. Male Academy, Warrenton, N. C.

WARRENTON N. C.

"Davies' Mathematics" was adopted by me in 1858, and, up to this time, I have examined no works superior to them as a whole.

I have examined, with a view of introduction, "McNally's Geography" [No. 5] and "Peck's Ganot's Natural Philosophy." I consider them most excellent works, and shall put them in my boys' hands, at the earliest period. The Philosophy is truly an enticing work and must meet with universal commendation. J. E. DUGGER.

From W. C. KERR, State Geologist of N. C.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; not the least of which, especially in the eyes of the juveniles, will be found in its attractive and very graphic illustrations. Another is the truly wonderful amount of substantial and really scientific information conveyed by those wood cuts, and the concise and lucid descriptions appended. But the chief excellence consists in this, that Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography; so that the learner arrives, by a natural and easy process, at the true conception of the earth as an organized whole; the designed result of successive changes and modifications, under the control of physical laws, constituting a true growth from a chaotic germ through manifold stages of progress, all pointing forward to its destined end as the home of living beings, and finally of man.

Among a Female Seminary, Mount Pleasant, N. C.

MT. PLEASANT, N. C.

I have introduced your National Series of Readers with great satisfaction to myself and to our teachers. We find them to be excellent, just suited to our purpose.

With Davies' Mathematical Series we have been long familiar, and can find no good reason for changing them.

In the Primary Department we have Monteith's Geographies, and in the advanced classes we have introduced Peck's Ganot, with much acceptance. G. D. BERNHEIM.

From Prof. JOS. H. FOY, President Statesville Scientific High School, N. C.

WILSON, N. C.

I have carefully examined the claims of the different Series of School Books most prominent before the public at this time. I have tested the merits of many of them in the school and lecture room, and feel no hesitancy in pronouncing the "National Series of Readers and Spellers" the best with which I am acquainted. I shall henceforth use no others in my school, and I shall furthermore use my influence to secure their adoption into other Seminaries in this section.

I use Davies' Mathematical Series in my school I consider his works incomparably superior in many particulars, even to Stoddard's Course, which is saying a great deal. In fact, I consider it the highest encomium in my power to bestow.

I use Monteith's Series in my school. They afford a gradual but thorough and systematic progression, from the simplest rudiments of science, up to a development sufficiently exhaustive for all ordinary educational purposes. Their very superior merit has led me to discard ——— which stands next best on the list.

McNally's, the fifth book of the course is decidedly the chef d'oeuvre of Geographies. No competent instructor can examine it for an hour without being struck with its extraordinary merit. J. H. FOY

From the Statesville, N. C. *American*, February 26th, 1868.

We would call the attention of Teachers in Western North Carolina to the valuable School publications of this firm, which are equal to any in the Union.

Messrs. Barnes & Co., of New York, are now issuing large editions of these Standard School Books for the Southern States. The series consists of the National Primer, or Word Builder, National Elementary Speller, The National First 2nd 3rd, 4th and 5th Readers. This firm will allow no competition in the price of books published by them, which are among the best in the States.

From the Raleigh *Daily Progress*, Feb 20, 1868.

NATIONAL SECOND READER.—We have never examined a volume of its class which we could commend more cordially to parents and teachers.

From the N. C. *Presbyterian*, March 7, 1868.

NATIONAL FIRST READER.—We recommend it to all who desire a valuable book of instruction for beginners.

From the Wilmington, N. C. *Daily Herald*, 1868

The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.

THE UTLEY

COTTON PRESS.

A NEW combination of power, whereby all friction is overcome. The simplicity, economy and durability of this PRESS astonishes all who see it, and the more so that a power so simple should so long have been unappropriated. With this Press, two men can do all the packing or pressing of a 500 pound bale inside of eight minutes: and it can be readily taken down and transported, as it is simple and light. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring, and we would advise all persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SASH AND BLIND FACTORY OF THOS. H. BRIGGS. All are assured that as between this and any other there is no argument as to its merits over all others. With the irons, any ordinary workman can put them up. The patentee is here for a few days, and will take pleasure in explaining its merits.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It insured more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fulness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its forma tion."

"Its success has been almost unbounded and beyond all precedent. Eight years ago in 1861, it issued only 558 policies, received an income of seventy-eight thousand dollars, and possessed net assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,227 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
